

**A PROCLAMATION OF APPRECIATION AND THANKS
TO DICK RISELING
FROM THE BOARD OF TRUSTEES AND STAFF OF WJFF RADIO CATSKILL**

We wish to thank Dick Riseling for his wonderful decades of service to WJFF Radio Catskill and our community.

Over the course of nineteen years, he produced and hosted a segment of "Making Waves" that spun off as a stand alone show called, "WJFF Connections". The show focused on local, national and international issues including those related to sustainability, renewable energy, the environment and community building. The show combined an interview with a guest and call-in questions and comments from listeners. It raised awareness and engaged listeners in key issues of the day.

More recently, Dick has served for two terms, a total of six years, on the WJFF Community Advisory Board and he participated in community zoom meetings to develop the current Radio Catskill Strategic Plan.

Dick has generously and consistently contributed his time, leadership, and expertise in service to the WJFF Radio Catskill Community.

Furthermore, he has set a shining model for volunteer service and accomplishment. The Catskills and Northeast Pennsylvania are a better place thanks to Dick Riseling.

On behalf of the entire Radio Catskill community, we gratefully acknowledge Dick's many contributions.
